TOWN AND COUNTY.

Wm. B. Todhunter was in town yesterday.

The Lenten season commences February 7th.

The Legislature has adjourned over until Monday.

S. T. Gage was a passenger for the Bay last night.

Senator Foley came down from Carson last night.

Mr. A. H. Ferguson, of Susanville, visited Reno yesterday.

Geo. T. Husehroft came in with a drive of 200 cattle yesterday.

Fred Hagerman was somewhat easier yesterday but still very sick.

The election of Warden of the State Prison comes off next Monday.

John Kelly, the Comstock "bear," was a passenger below last night.

Wm. Goeggel has been confined to his room several days by a severe cold.

Speaker Varian, Senator Marker and Assemblyman Fish, came home last night.

Judge M. S. Bonfield returned to his home at Winnemucca yesterday morning.

Billy Gillespie, formerly clerk at the Depot Hotel, is now a clerk at the hotel at Lathrop Cal.

The K. of P. Lodge talk of giving a party soon. If they conclude to give one, it will be a fine affair.

Mrs. Gilbert (nee Annie Stalker), was reported very low yesterday. Slight hopes are entertained of her recovery.

Fish Commissioner Parker has about 50,000 young Eastern trout in his fish hatchery on Second street, Carson City.

A few were out sleighing yesterday and the merry jingle of the sleigh-bells made one feel cheerful, notwithstanding the cold.

The usual Saturday night party will be given to-night at Reform Club Hall. Hastings & Fredrick's orchestra will furnish the music.

Constable Nash locked up two drunken squaws yesterday afternoon. The wretch who gave or sold them whiskey should receive a dose of tar, if he could be found.

A public meeting is called at Elko for the purpose of organizing a Jockey Club, to be maintained and governed by the rules of the California Blood-horse Association.

The Riverside Waltham Ladies' Chronometer, a stem-winder, the finest ladies' watch made, real value \$130 will be sold for \$68, at Uncle Harris', 221 Kearny street, between Bush and Sutter.

The Seligmans, of New York, prominent bankers and capitalists, predict that 1883 will be a very prosperous year in the United States. They say that money is plentiful, interest low and credit easy.

The train robbers now ask for a requisition from the Governor of Nevada before they will leave Salt Lake. The District Attorney of Elko County has forwarded the necessary papers to Carson.

The cold wave which was reported a week or two ago in the East, and said to be travelling westward, must have arrived yesterday. It was impossible to forewarn any of our neighboring towns of its coming, as up to a late hour last night it was still with us.

The Enterprise of yesterday is responsible for the following: "Miss Gertie Hatch, daughter of ex-Surveyor General Hatch, of Reno, is to be married to a son of Congressman Hisecock, of New York, as soon as the young gentleman graduates."

Frank Bell for Warden.

The Republicans of the Legislature yesterday afternoon canvassed on the Wardsman, and on the 4th ballot Mr. Frank Bell received the necessary number of votes and was declared the nominee. The vote stood, Bell 19, Gibson 14, Lyons 4. The contest was a very close one, hotly contested, and yet one of the most friendly and pleasant ever made between rival aspirants for the position.

Carson Amateurs.

A combination of the local talent of Carson is billed for an entertainment to be given on Wednesday evening, Feb. 7th. The first part will consist of varied musical selections, and the second of a drama, which, according to the cast, must be replete with thrilling scenes of love, tyranny, etc., with a fair sprinkling of the "blood and thunder" elements.

Dr. Pierce's "Pellets"—Little liver pills (sugar-coated)—purify the blood, speedily correct all disorders of the liver, stomach, and bowels. By druggists.

SUSANVILLE LAND FRAUDS.

Their Consideration by the United States Grand Jury.

The San Francisco Chronicle, of February 1st, says the United States Grand Jury for California were in session yesterday afternoon and had under consideration the Susanville land frauds. Five witnesses were examined before them, viz.: Andrew Miller, F. H. Merrill and W. T. Smith, Government officials, and Jacob McKissick and John N. Evans, the last two named claiming to have been victimized. It is understood that the testimony showed that Evans made a homestead entry of a tract of land of 160 acres in the Susanville Land Office in 1873. Eight years later, or a year after the expiration of the limit put by the law for that purpose, he made each payment for the land, under a recent Act of Congress which extended the time. He paid the money to the Registrar, W. H. Crane, who never made an accounting for it to the Government, and who received it in direct violation of the law which forbids his receiving money for the sale of Government lands.

"I received a receipt," said Evans, "signed by both Registrar Crane and Receiver Miller, for \$181, but no entry was made of it, as found out later, when a man named Brewen jumped my claim. When I came to look up the matter I found that no entry had been made, and that the patent for which I was waiting was not likely to come, seeing it had never been applied for by the Registrar. There has been a great deal of crookedness going on in the office, and my case is but a sample of it."

McKissick paid for some swamp land and no record was made of that either. He testified yesterday that he had paid the money to Crane, but discovered later that it had been used by the Registrar for private purposes. Miller claims that his signatures to the receipts are forged, as he had never seen any part of the transaction.

This is but the beginning of an investigation that will consume a considerable period, for, it is said, the unlawful transactions extend over a period, from the first establishment of the Susanville Land Office, which has under control several million acres of land, to a recent period. The irregularities assume various phases and many of the former officials are said to be implicated in them. It is reasonably certain, however, that none of the incumbents have any connection with them in any way. As to the extent of these frauds an idea may be gained from the expression of one of the officials conducting the examination, who said: "We are not ready as yet to lay the whole matter before the public, but when we do you'll have a story that has never been equalled in this country."

The grand jury brought in an indictment yesterday afternoon in the case of Crane, as that is believed to have been the only one brought under their consideration.

The Reported Comet.

In regard to the comet, claimed to have been discovered, near the planet Jupiter, by an observer at the Puebla Observatory, Mexico, the Enterprise has the following:

After the newspaper report of a comet being visible "near Jupiter," the first clear night was taken to make a search in the locality indicated. O. B. Hill made the examination with the equatorial at the "Davison Observatory," and very soon found an object that might readily be mistaken for a comet, but upon proper scrutiny he believes it to be the nebula technically known as M. L., in right ascension five hours, twenty-seven minutes, and north declination twenty-seven degrees and fifty-five minutes. The nebula has a very cometary appearance, and being mistaken for the comet of 1858 by Messier, was the cause of his forming the first catalogue of nebula. A second examination failed to find any cometary body in the immediate vicinity.

Capture of the Robbers.

The Central Pacific train robbers were captured in the mountains northwest of Deseret, in Millard county, Utah, by a party under the leadership of Sheriff Turner, of Provo. Two of the gang, Hawley and Nay, were wounded before they surrendered. Frank Francis, Russ Anderson and Ves Earl, the other robbers, were captured later, uninjured.

The Bank Case.

In the case of L. L. Crockett, James H. Kinkead and L. C. Batchelder, Judge Boardman sustained one of the grounds of demurrer to the indictment, the other two did not pass upon. The case was re-submitted to the next Grand Jury. The bond obligates the defendants to answer before the next Grand Jury.

Entertainment.

The children's Band of Hope will give an entertainment at the Methodist Church on Saturday evening, February 3rd. Exercises commence at 7 o'clock. No admission fee. All are respectfully invited to attend.

Mint Coinage.

The following coinage was executed at the Carson Mint during January, 1883: Double-eagles, \$118,000; standard dollars, \$100,000; total, \$218,000.

Nevada Manufacturers.

A bulletin from the Census Bureau showing the capital invested, hands employed, wages paid, the value of material and products of all the establishments of manufacturing industry in the several States was received this morning, and from it we glean the following as relating to our own State. In Nevada there are 184 manufacturing establishments with an aggregate capital of \$1,323,300. In those establishments are employed 556 males and only 5 females and 16 children. There was paid in wages for the year of 1880, \$462,807. (This of course has no reference to the amount paid for miners' wages). The value of the raw material was \$1,019,794 and the products were \$2,179,626. We have doubled Montana in manufacturing. Our product is greater than Idaho, Arizona and Wyoming combined. For a State almost purely a mining country, we stand at the head in manufacturing interests. So says the Times Review of Jan. 30.

A New Watering Place.

The provident people of Hawthorne, are preparing for a possible influx of visitors during the summer to come. Besides the attraction of their sandy walks, towering trees of sagebrush, level grounds for croquet, lawn tennis, archery, etc., they intend to guarantee to each and every visitor a row or sail on Walker Lake. This crowning pleasure added to the magic surrounding the really beautiful name of the place will no doubt prove an irresistible temptation to warm weather wanderers.

Ben Butler has set up a coat of arms, and has it engraved upon his stationery, and emblazoned upon the panels of his carriage. It is simply a "cup," emblematical of the office of a butler. We are not informed as to whether or not it is a coffee cup, if so it is imperfect without a spoon. But Benjamin does not probably expect to reach perfection.

The following circular has been sent to each Republican member of the House: "A quorum of Republican members is demanded for Monday, the 5th instant. It has been fully demonstrated that if the important business of this session is to receive final action 147 Republicans must in their seats from 11 A. M. until adjournment."
